SKILLS

While working at my previous positions, I had the opportunity to work both as a part of a team and alone, as well as work with existing codebases. At RodeoTV, I performed several system administration tasks in addition to my primary role as a developer. I have worked extensively with both Windows and Linux, both with and without Desktop environments, both at work and with my home network.

EXPERIENCE

Developer – RodeoTV LLC.

2020-02-25 to Present

Wrote TV Middleware in Python/Django and Angular/Typescript, as and various other software. Performed minor system administration tasks on Linux-based systems.

Undergraduate Researcher – University of Idaho

Summer 2019

Wrote a Python interface to communicate with an underwater drone

IT Automation Intern – Micron Technology, Inc.

May to December 2018

Wrote IT Automation software in PowerShell and System Center Orchestrator. Minor web development in C# and ASP.Net Razor.

EXTERNAL LINKS
